

What does your company do with used printer cartridges?

JUST ASK!

Pledge to “Just Ask” today! You could win a Disney World vacation and help us **earn \$500!**

 This princely promotion turns into a frog March 1, 2012. 

Imagine if your family helped a school raise more than \$1,000 per year without lifting a finger.

Now imagine if your family helped fundraise that \$1,000 and won a trip to Walt Disney World Resort in Orlando, Florida*!

This year, every supporter who pledges to “Just Ask” their employer “What do we do with our used ink and laser cartridges?” will be entered to win a Walt Disney World Resort vacation for four in Orlando, Florida*. We’ll also be entered to win \$500 toward our FundingFactory fundraising goals. Visit www.FundingFactory.com/Disney today to pledge that you’ll Just Ask!

With Business Supporters, we could be earning 3x more per year than we could on our own!

A Business Supporter is any company committed to recycling used ink and toner cartridges or personal electronics to help **Calle Mayor** meet our fundraising goals. A company much like the one you work for... a company that may not be recycling its ink and laser cartridges and is looking for an opportunity to fill the gaps in our school’s budget without spending a dime.

Becoming a Business Supporter is free. Materials are free and shipping is prepaid. Business Supporters simply collect and pack their recyclables, then leave them for UPS. They can even drop off their recyclable to our drop-off site at Calle Mayor office. We earn the value of all Business Supporters’ recyclables!

When you register, choose **Calle Mayor** as your beneficiary by entering our ID# **35611**.

We encourage you to start the conversation with your employer by just asking, “What do we do with our cartridges?” If the answer is, “throw them away,” please take the next step and move your company to become a Business Supporter (learn more at FundingFactory.com). Either way, we’ll both have a chance to win!

But hurry! This magical promotion turns into a frog March 1, 2012. Pledge at FundingFactory.com/Disney today!
